Summary Fair Processing Notice (Patient Data)

When Walcote Health Ltd (the data controller) processes your/your child's personal data we are required to comply with data protection legislation, including the UK General Data Protection Regulation ('UK GDPR') and the Data Protection Act 2018, to ensure that your/your child's information is properly protected and used appropriately.

Your/your child's personal data includes all the information we hold that identifies you/your child or is about you you/your child (eg, your name, address etc). It also includes sensitive information such as your/your child's ethnic origin, medical records etc.

Everything we do with your/your child's personal data counts as processing it, including collecting, storing, amending, transferring and deleting it.

We process your/your child's personal data in order to provide you/your child with the services you have requested, to fulfil the contract we have entered into with you (where applicable), to respond to any queries or comments you/your child submit to us, to correspond with you on a day to day basis and/or to meet legal obligations.

We process most of your/your child's information on the grounds of 'special categories of data processing for the purposes of medical diagnosis and the provision of health care or treatment', although other grounds may at times apply, such as public health.

We only transfer your/your child's personal data to the extent we need to and/or that you request. If you/your child attends our branch surgery at Healthshare Clinic Winchester (HCW), you/your child's name may be shared with HCW for fire safety purposes. Additional personal data may be shared with HCW if you/your child choose/s to be referred to HCW for any further investigations or health consultations. In both of these cases, HCW will act as a data processor. We do not transfer your/your child's personal data outside of the EEA.

As with NHS GP practices, and in accordance with Information Governance Alliance (IGA) guidelines, Walcote Health Ltd will retain your/your child's personal data for a standard period of 100 years after a person's last medical appointment with us. This is in case any queries or issues arise and for health, administrative and/or statutory reasons. Your/your child's information will be kept securely at all times.

You/your child benefit from a number of rights with respect to the personal data we hold about you/your child, depending upon the grounds on which we process your/your child's data and subject to exemptions. These include the right of access to and rectification of your/your child's personal data, the right to restrict or object to data processing, withdraw consent or be forgotten, the right to complain to the Information Commissioner's Office (ICO) and the right to data portability.

Our full Fair Processing Notice provides further details about the personal data we process, why we process it and how we process it. Please ask if you/your child would like to view a copy, or visit www.thewalcotepractice.co.uk/useful-documents/.

For any queries you/your child may have, please contact our Privacy Officer or any other member of our team in person, by post, by emailing info@thewalcotepractice.co.uk or by calling 01962 828715.

****Virtual Patient Participation Group****

Your opinions are very important to us. We have set up a virtual Patient Participation Group and would like to involve a broad spectrum of our patients. Please tick here (and enter your email address on the front page) if you would like to join. This will enable you to help shape our services by answering a question or two sent by the practice infrequently via email.

Ethnic Group

Please help us plan for the future healthcare of our population by providing information on your child's ethnicity.

Please insert the ethnicity code corresponding to your ethnic group into the box on the front page of this registration form. Please only use one code. Thank you.

Information & Communication

We wish to make our services accessible to everyone, so please let us know how we can best communicate with you and your child. Good communication is crucial to healthcare. We do our utmost to provide support to patients with a sensory loss, impairment or disability through the use of:

- communication support
- alternative information formats

For example, we are able to:

- produce documents in large print, easy read or braille formats etc
- use text or email to send information or to book appointments, rather than call by phone, if this is preferable
- offer a portable hearing loop for use during clinic or home visits
- arrange support from an advocate or a communication professional, eg a British Sign Language interpreter
